

EXCLUSIVE LUXURY RANGE

SPECTA™
PICKS
BY GAURI KHAN

Curated By GAURI KHAN

DISCOVER THE EXCLUSIVE
LUXURY RANGE
CURATED BY GAURI KHAN

In the rarefied world of haute design, where artistry meets architecture, emerges a collection that transcends surface and defines space. Picks by Gauri Khan is a masterfully curated ensemble of quartz surfaces, envisioned by the internationally acclaimed designer and tastemaker, Mrs. Gauri Khan.

Each stone is a statement, hand-selected to reflect her distinctive design ethos: a seamless harmony of timeless elegance and contemporary allure. This is not merely a material choice; it is a philosophy of living, an invitation to inhabit luxury.

Crafted for the connoisseur, this collection elevates interiors into realms of quiet grandeur and poetic sophistication. From the villas of Cap Ferrat to the penthouses of Monte-Carlo, Picks by Gauri Khan transforms every corner into a sanctuary of style.

Because true luxury isn't loud. It is curated.

DESIGNER'S NOTE

Calacatta Taj had this soft, sun washed warmth that instantly felt familiar and elevated. I leaned into that by choosing warm, weathered wood to echo its earthy undertones and paired it with clean greys to keep things feeling fresh and current. The muted paints and brushed metal finishes help strike a quiet balance between warmth and minimalism. The palette is designed to feel timeless, subtle and layered.

CALACATTA TAJ

Calacatta Taj captures the quiet splendour of timeless marble, with soft ivory undertones and sun-lit golden veining that flow like gentle brushstrokes. Sophisticated yet inviting, it brings warmth and radiance to interiors that celebrate grace in every detail.

Olive Oil-OG15

DESIGNER'S NOTE

Calacatta Emerald felt like a breath of fresh air, elegant yet grounded, with its soft green tone instantly drawing me in. I added rose pink for contrast, while smoke green and olive brought subtle depth. Light wood, off-white marble, and black chrome balance softness with a crisp, modern edge. The result is fresh, refined, and quietly bold.

CALACATTA EMERALD

Calacatta Emerald brings a breath of serenity indoors, with soft sea-green undertones flowing through a luminous white base. Its gentle movement and layered hues evoke a spa-like calm. An expression of quiet luxury designed for tranquil, light-filled spaces.

Asian Paints
Olive Oil -7846

DESIGNER'S NOTE

Blue Onyx had a magnetic pull, its dramatic rust veining against that deep blue felt bold and earthy all at once. I paired it with muted olive and grape tones to bring in contrast without overpowering it. The textured woods and sleek greys create a refined foundation, while the fixtures add a quiet strength that lets the stone remain the hero.

DESIGNER'S NOTE

Calacatta Ornate stands out with its crisp white base and subtle gold veining, creating a foundation that feels both luxurious and adaptable. To enhance its elegance, I layered soft neutrals like White Fog and Barley to keep the space light and inviting. I introduced Navy Blue Suede for a modern contrast and added Walnut for warmth and texture to ground the scheme. Brass hardware and antique bronze fixtures echo the stone's golden undertones, tying the finishes together in a timeless yet contemporary composition.

DESIGNER'S NOTE

Dune Mist features a calm grey base with delicate white veining, offering refined, understated elegance. I balanced its subtle character with fresh and warm tones, Pastel Blue adds a modern accent, wood brings natural warmth, Iced Silver keeps the space airy, and Charcoal Chalk provides depth. Black matte hardware and fixtures tie the palette together, letting Dune Mist remain the hero surface while keeping the space versatile and contemporary.

SPECTA™
QUARTZ SURFACES

Specta is engineered with *world-class technology* at the forefront of quartz surface innovation, delivering exceptionally durable slabs with remarkable consistency across every batch.

Each quartz surface is manufactured under rigorous quality control at every stage of production. Supported by a fully equipped R&D and Quality team—trained in collaboration with Breton specialists—it is designed to deliver nothing but the best.

SPECTACULAR PERFORMANCE FOR LIFE

Trained by Breton, Specta's technology team develops
impeccably engineered surfaces that set new benchmarks in
product innovation and design excellence.

Large size

Large sized slabs
enabling fewer joints
and more possibilities

Durable

Harder, stronger
and safer than
marbles,
granite and other
natural stones

Easy to clean

Low on effort, high
on beauty. Specta's
non-porous surface
resists stains and
cleans up in seconds

Hygienic

Hosts no
bacteria, mold
or mildew, stays
safe and sanitary

Stain resistant

Impenetrable, non-
absorbent surface
that is impervious
to stains.

Scratch resistant

Impressive
scratch-resistance
strength, not susceptible
to scrapes or scuffs

Heat resistant

Engineered to handle
everyday heat with ease,
Specta surfaces stay at
their best when protected
from direct, intense heat
using a trivet.

Tough & Flexible

Easy to fabricate
& mould, highly
resistant to
cracks and chipping.
